Self-Regulation and 2 Year Olds

Have you heard the term, "Terrible Twos"? Or is this something you are experiencing in your household now? Two years olds can range from very independent to still needing help with every aspect of their life. Self-Regulation skills are necessary for your child to begin to control their urges. Please read the attached article for more information.

Sprout Room News

Welcome Back! We hope you enjoyed the holiday break. This month, we will be talking about winter activities, and snowy day fun. Check out the bear cave in our classroom...but shhhh....the bears are sleeping!! We hope to begin our 'classroom jobs' this month! Look for our "Brown Bear" book that will come home for you to read with your child this month. It is our own special classroom version that everyone will get a turn to bring home! We look forward to all of the fun that we will have in this New Year!

Ice Castle

CVNS would like to build an Ice Castle on our play-ground. We hope to start building the week of Jan. 28th. Our "bricks" are made from freezing colored water in half-gallon paper milk or juice containers. Please start making your bricks now. No room in your freezer? You can freeze them outside! The more bricks we have, the bigger our castle can be. With your help and some cooperation from the weather, we will have a beautiful castle!

Skate Estate Night

Mark your calendar for Monday, January 28th. It is CVNS family night at Skate Estate! Bring the family and anything with wheels! Don't forget your helmet! No two wheeled bikes.
